

AMENDMENTS TO THE DRAWINGS

The Office objected to the drawings as failing to comply with 37 CFR 1.84(p)(5) because they include the following reference signs not mentioned in the description: Figure 7, 724 and 732. Applicant has chosen to address this 5 particular objection through an amendment to the specification, as discussed below.

In item 3 "Specification" of the pending Office Action, the Office also objected to use of the word "renderor" in Figure 2 of the drawings. There is no indication that correction of this typographical error cannot be held in abeyance; 10 therefore, Applicant respectfully submits that correction of this typographical error will be made at a latter date whereupon Applicant will submit an entire set of revised drawings.
